

Welch Allyn CP 150™ Electrocardiograph

Simple. Fast. Connected.

The user-friendly CP 150 ECG—designed to help improve your facility workflow.

- > 7" Color, touch-screen display for fast and easy entry of accurate patient information
- > Instant-on feature powers the device up quickly and lets you take an ECG at a moment's notice
- > Preview ECG reports on-screen prior to printing
- > Three-, six-, or 12-lead ECG preview
- > Optional adult and pediatric MEANS ECG interpretation software offers a second opinion
- > Battery operation lets you easily transport your device to the patient
- > Store up to 100 test results on the device or transfer to a USB memory stick
- > Manage worklists: manually enter patient information at the start of the day, or download complete worklists or individual patient data from the CardioPerfect Workstation

TOUCH-SCREEN KEYBOARD

No need to track between the display and keyboard, helping you to save time and reduce errors.

LEAD QUALITY DISPLAY

Allows you to quickly and easily identify lead connection problems.

WelchAllyn®

Welch Allyn CardioPerfect Workstation

Bring your cardiopulmonary data together with the Welch Allyn CardioPerfect® Workstation

- Manage patient information and tests performed with the full suite of Welch Allyn cardiopulmonary devices
- Get paperless efficiency and connectivity to your hospital information system (HIS) via HL7 interface
- Store, access, review, compare and edit diagnostic test data from any computer on your network
- Retrieve records with the touch of a key, and review and edit right on the screen

Flexible Connectivity Options

Connect, manage and share patient information

With a USB or Ethernet connection, you can transfer patient data from the CP 150 to the Welch Allyn CardioPerfect Workstation, giving you the ability to connect, save and manage patient data in your HIS.

Telemedicine

Enhance your diagnostic capabilities with telemedicine

With the CP 150, your hospital can provide support to remote recording sites requiring an expert opinion. Simply use the CardioPerfect Workstation to receive diagnostic testing data from multiple locations and get the capability to provide expert opinions and centrally manage patient information.

Multiple USB ports for connectivity to:

- > CardioPerfect software
- > External memory
- > Barcode reader
- > External printer

CP 150 ECG Mobile Cart

- > Attractive, ergonomic design
- > Hospital-grade wheels also available
- > Optional patient cable arm and shelf

Model Shown here with hospital-grade wheel option
